

Quran

V1.0

Installation:

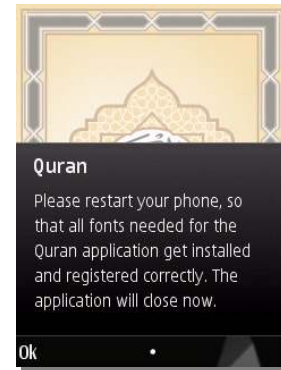

- Use **Nokia PC Suite** for installation or copy the installation package "**Quran. Sis**" to your device memory, then follows the step -by- step installation process.
 - Refer to your phone user manual for more information about installing new applications.
- Tip:** After completing this installation, please restart your device, so that all fonts needed for the Quran application get installed and registered correctly.

Using the Application:

- To run the application, go to "**Menu > Installed > Quran**".

- ☑ **Tip:** You should restart your phone before the first run if you did not do it after the installation process, so that all fonts needed for the Quran application are installed and registered correctly or the application will be closed.

1) Main View:

- The application's main view includes the Quran Suras list.

2) Main View Options Menu:

- The application's Main View Options Menu includes:

1. View.
2. Listen To Sura.
3. Go To Verse.
4. Search.
5. Go To Favorites.
6. Settings.
7. About.
8. Help.
9. Exit.

2.1 View:

- Use the arrows keys to highlight the Sura that you want to display, then select "**Options > View**" or press the "**Ok**" key.

2.2 Listen To Sura:

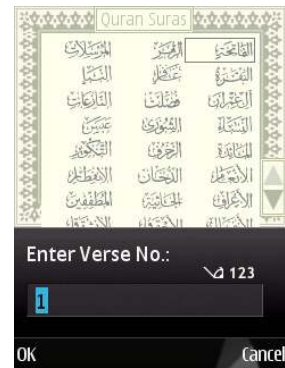

- To listen to the selected Sura, select "**Options > Listen To Sura**".
- To adjust the sound volume, press the right and left arrows while listening to the Quran.

2.3 Go To Verse:

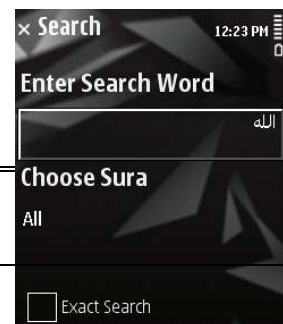

This option enables you to navigate directly to Verse.

- Use the Up and Down arrows to highlight the selected Sura, select "**Options > Go To Verse**", and then insert the selected Verse and press the "OK" key to go to it.

2.4 Search:

- The ability to search in the scope of Verse, Sura, or the whole

Quran and ability to search by exact word or by part of the word

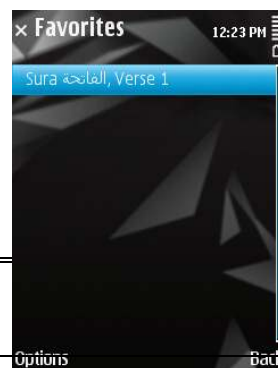

- Select "**Options > Search**", then insert the target word and select the target Sura, then select "**Options > Search**".
- The search result will display by Verse number and Sura name.
- The ability to view the selected item from the result list, use the Up and Down arrows to select the target item, and then select "**Options > View**".
- The ability to go to the selected item from the result list, select "**Options > Go to**", insert the number of the target item, and then press the "**OK**" key to go to it.

Tip: The search result is displayed with marking the searched word in different color.

2.5 Go To Favorites:

- This option displays the suar list that is added to the favorites through "**Add to favorites**" option.
- Select "**Options > Favorites**", then select the target Sura and

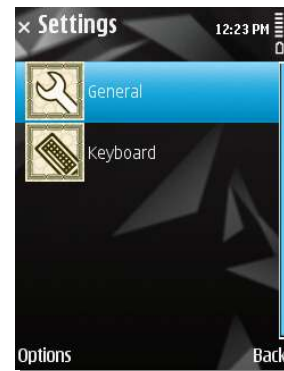

Verse from the displayed menu and select **"Options > View"** or press the **"OK"** key to display it.

- To clear the Favorites list one by one, use the Up and Down arrows to highlight the item that will be deleted, then select **"Options > Delete"** and press "Yes" for the displayed deletion confirmation message.
- To clear all the Favorites list, select **"Options > Delete All"** and press **"Yes"** for the displayed deletion confirmation message.

2.6 Settings:

- The Settings view contains the following items:
